# **BICYCLE-PEDESTRIAN ADVISORY COMMITTEE (BPAC)**

#### **Regular Meeting**

Thursday, July 23, 2015 3:00 pm

#### **AGENDA**

- 1. Call to Order
- 2. Roll Call
- 3. Approval of Minutes
  - May 21, 2015 Regular Meeting
- 4. Comments from the Public
- 5. Approval of Agenda
- 6. Action Items
  - **6a. 2015/16 List of Priority Projects (LOPP):** Review of the draft LOPP for 2015/16 for the St. Lucie TPO.

**Action:** Recommend adoption of the draft 2015/16 LOPP, recommend adoption with conditions, or do not recommend adoption.

**6b.** Go2040 Long Range Transportation Plan (LRTP) Needs Plan: Review of the draft Needs Plan for the Go2040 LRTP.

**Action:** Recommend adoption of the draft Needs Plan, recommend adoption with conditions, or do not recommend adoption.

**6c.** Annual Public Involvement Program (PIP) Evaluation of Effectiveness and Update: Review of the effectiveness of the St. Lucie TPO's PIP during FY 2014/15.

**Action:** Recommend acceptance of the PIP Evaluation of Effectiveness and Update, recommend acceptance with conditions, or do not recommend acceptance.

### 7. Recommendations/Comments by Members

#### 8. Staff Comments

**9. Next Meeting:** The next St. Lucie TPO BPAC meeting is a joint meeting with the St. Lucie TPO Citizens Advisory Committee (CAC) and the Technical Advisory Committee (TAC) scheduled for 1:30 pm on Tuesday, September 15, 2015.

#### 10. Adjourn

#### **NOTICES**

The St. Lucie TPO satisfies the requirements of various nondiscrimination laws and regulations including Title VI of the Civil Rights Act of 1964. Public participation is welcome without regard to race, color, national origin, age, sex, religion, disability, income, or family status. Persons wishing to express their concerns about nondiscrimination should contact Marceia Lathou, the Title VI/ADA Coordinator of the St. Lucie TPO, at 772-462-1593 or via email at lathoum@stlucieco.org.

Persons who require special accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Marceia Lathou at 772-462-1593 at least five days prior to the meeting. Persons who are hearing or speech impaired may use the Florida Relay System by dialing 711.

Items not included on the agenda may also be heard in consideration of the best interests of the public's health, safety, welfare, and as necessary to protect every person's right of access. If any person decides to appeal any decision made by the St. Lucie TPO Advisory Committees with respect to any matter considered at a meeting, that person shall need a record of the proceedings, and for such a purpose, that person may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based.

<u>Kreyol Ayisyen</u>: Si ou ta rinmin recevoua information sa en crèole si I bous plait rèlè 772-462-1593.

<u>Español</u>: Si usted desea recibir esta información en español, por favor llame al 772-462-1593.

# ST. LUCIE TRANSPORTATION PLANNING ORGANIZATION (TPO) BICYCLE-PEDESTRIAN ADVISORY COMMITTEE (BPAC)

#### **Regular Meeting**

**DATE:** Thursday, May 21, 2015

**TIME:** 3:00 pm

**LOCATION:** St. Lucie TPO

Coco Vista Centre

466 SW Port St. Lucie Blvd., Suite 111

Port St. Lucie, Florida

#### **MINUTES**

#### 1. Call to Order

Brad Keen, Chairman, called the May 21, 2015 meeting of the St. Lucie TPO Bicycle-Pedestrian Advisory Committee (BPAC) to order at 3:01 pm.

#### 2. Roll Call

Self-introductions were made. A quorum was noted with eight members present.

# Members present: Representing:

Port St. Lucie Parks & Rec Brad Keen, Chair Jennifer Evans, Vice Chair St. Lucie County Env Resources Resident - Bicycling Murriah Dekle Fort Pierce Public Works Rebecca Grohall Jennifer Fierman **FDOT** Nick Dibenedetto Resident – Running/Hiking Don McLam St. Lucie County Parks & Rec Lisa Fasnacht Resident - Bicycling

## Others present: Representing:

Ed DeFini St. Lucie TPO Marceia Lathou St. Lucie TPO

Yi Ding St. Lucie TPO

Charles Barrowclough SLC Env Resources Alternate

- 3. Approval of the Minutes March 12, 2015
- \* **MOTION MOVED** by Ms. Evans to approve the BPAC meeting minutes of March 12, 2015.
- \*\* **SECONDED** by Ms. Grohall

Carried **UNANIMOUSLY** 

- 4. **Comments from the Public None**
- 5. Approval of Agenda

Ms. Grohall mentioned that the TAC had deferred action on all but the first two items on the agenda, the TIP amendments, and had scheduled another meeting to consider the remainder of the items. Responding to a question from Mr. McLam, Mr. Keen clarified that a motion was requested for the approval of the agenda as a whole, not for specific items on the agenda.

- \* **MOTION MOVED** by Ms. Evans to approve the agenda as presented.
- \*\* **SECONDED** by Mr. Dibenedetto

Carried UNANIMOUSLY

- 6. Action I tems
  - 6a. Amendment to the FY 2014/15 FY 2018/19 Transportation Improvement Program (TIP)

Mr. DeFini explained that the FY 2014/15 – FY 2018/19 TIP includes the construction of a truck turnaround on the Turnpike. The construction of the project was programmed in the Turnpike Work Program prior to the design being completed. A subsequent evaluation of the project determined that the proposed location for the project did not meet certain design criteria. Therefore, the project is not feasible, and the Turnpike is requesting its deletion from the TIP.

Mr. McLam asked if the unused funding for the truck turnaround could be transferred to another project in St. Lucie County. Mr. DeFini said he was not aware that it could but he would check.

- \* **MOTION MOVED** by Ms. Grohall to approve the TIP amendment.
- **\*\* SECONDED** by Ms. Evans

Carried **UNANIMOUSLY** 

#### 6b. Amendment to the FY 2014/15 - FY 2018/19 TIP

Mr. DeFini stated that the FY 2014/15 – FY 2018/19 TIP includes the right-of-way acquisition phase for the Indrio Road project. FDOT is now recommending that the construction of the project be advanced to FY 2015/16 in the Tentative Work Program and be included in the new TIP to be considered by the BPAC in the next agenda item. FDOT is requesting that the construction phase also be added to the old TIP so that it may be started without delay in the next fiscal year starting July 1, 2015. The project is included in the 2035 RLRTP cost feasible plan.

Questions arose regarding further details on the project. Mr. DeFini said he would get back to the BPAC on the question of whether sidewalks and bike lanes are planned for the project.

- \* **MOTION MOVED** by Mr. McLam to approve the TIP amendment.
- \*\* SECONDED by Mr. Barrowclough Carried UNANIMOUSLY

Ms. Grohall left the meeting but a quorum was retained.

## 6c. Draft FY 2015/16 - FY 2019/20 Transportation Improvement Program (TIP)

Mr. DeFini described the purpose of the TIP and the process involved in developing the TIP. He provided details regarding projects in each of the five years of the TIP. These projects included road improvements to Indrio Road, Kings Highway, and Midway Road as well as several sidewalk and resurfacing projects and the reconstruction of the North Causeway Bridge. Through all five years, the TIP is fiscally constrained meaning the project costs equal the projected funding.

Mr. McLam initiated a discussion regarding the Kings Highway/Indrio Road intersection project and the acquisition for construction of turn lanes at the same intersection described on pages C1-9 and C1-10. He could not understand why the intersection construction would occur prior to the acquisition of ROW for the turn lanes. Wouldn't construction-related disruptions occur more often than necessary? Ms. Fierman noted that sometimes there are engineering issues that require a specific order of project phasing. She said she would contact the FDOT project manager and report back to the BPAC through Mr. DeFini.

Ms. Evans noted that All Aboard Florida (AAF) is proposing railroad safety projects and wondered if AAF could fund the railroad crossing projects described in the TIP.

Ms. Evans asked if the Airport project described on page C2-12 had anything to do with mitigation.

Mr. Keen requested information as to why the TAC deferred action on this and other items. It was explained that the TAC requested more time to review the agenda packet because they felt it was not received in sufficient time for a thorough review.

Responding to questions regarding timing, Mr. DeFini explained that the TPO Board is scheduled to consider the TIP at its June 3, 2015 meeting

\* MOTION - MOVED by Mr. McLam to approve the TIP on the condition that questions which arose regarding the Kings Highway/Indrio Road projects, railroad safety improvements, and Airport project mitigation would be answered and those answers would be distributed to all BPAC members.

## \*\* **SECONDED by** Ms. Evans

#### Carried UNANIMOUSLY

Ms. Fasnacht asked how a draft document could be approved when the above-mentioned questions were unanswered. Mr. Keen clarified that the BPAC is making a recommendation to the TPO Board which is the approving entity. Mr. DeFini noted that the BPAC comments and those of the other advisory committees would be incorporated into the draft TIP that will be transmitted to the TPO Board.

# 6d. Go2040 Long Range Transportation Plan (LRTP) Goals, Objectives, and Performance Measures (GOPMs)

Mr. Ding stated that the development of the Go2040 Long Range Transportation Plan includes the establishment of goals, objectives, and performance measures. He reviewed the list of goals, objectives, and performance measures that had been developed by TPO staff and the LRTP consultants with input from the public.

Several BPAC members expressed concern that the performance measures needed to be further refined and that the methodology for evaluating performance was unclear. What is the baseline and the target goal?

Mr. Barrowclough provided an example using the "miles of sidewalk" performance measure. What is the definition of sidewalk? Would a four-foot sidewalk suffice where an eight-foot sidewalk is needed? If so, that should not be considered an improvement.

Mr. Ding noted the performance measures would be evaluated annually.

Ms. Dekle stated the information provided was an excellent start but requested that more detailed performance measures be brought back to BPAC.

- \* **MOTION MOVED by** Ms. Dekle to approve the GOPMs on the condition that details such as implementation strategies, methodologies, baseline conditions, and key definitions be brought back to the BPAC at its next meeting.
- \*\* **SECONDED by** Ms. Evans

**Carried UNANIMOUSLY** 

# 6e. Transportation Regional Incentive Program (TRIP) Grant Applications for 2015:

Mr. DeFini explained the purpose of TRIP funds and the creation of the Treasure Coast Transportation Council (TCTC). FDOT has indicated that TRIP funding is available over the next four years.

Two project applications are being considered for submittal by the TPO. The first application is for the FY 16/17 funding for the acquisition of right-of-way for the widening of Port St. Lucie Boulevard from Paar Drive to Darwin Boulevard. The second application is for the subsequent fiscal years of TRIP funding for the construction of Phase 1 of the St. Lucie Advanced Transportation Management System (ATMS). The TPO would supply local match for both projects. Both projects are TPO Priority Projects and are included on the Regionally Ranked Needs Project List.

Mr. Dibenedetto initiated a discussion regarding this project and projects in general that are approved with complete street infrastructure such as bicycle lanes and sidewalks but this infrastructure is changed during the design phase without the public being made aware of the changes. If there is no reporting back to the BPAC, then how do we hold project managers accountable?

Ms. Fierman and Mr. DeFini emphasized the need to stay involved in every project meeting in all phases of a project.

Ms. Fierman noted FDOT's commitment to constructing complete streets; however, when local governments sponsor projects sometimes political decisions result in changes to project details.

- \* **MOTION MOVED by** Mr. Barrowclough to approve the TRIP applications.
- \*\* SECONDED by Mr. Dibenedetto Carried UNANIMOUSLY

#### 7. Recommendations/Comments by Members

Ms. Evans noted that County Administrator Tipton had been approached by Herb Hiller and Dan Burden who were willing to provide a presentation on walkable communities. Ms. Dekle noted that Mr. Burden is a nationally recognized expert on the subject. It was decided that perhaps a special workshop would be appropriate and that elected officials should be invited. Ms. Evans will coordinate this with TPO staff.

Mr. Keen thanked the BPAC for its participation and noted that the discussion today was healthy and informative.

#### 8. Staff Comments

Mr. DeFini also thanked the BPAC for its participation.

- **9. Next Meeting** The next St. Lucie TPO BPAC meeting is scheduled for 3:00 pm on Thursday, July 23, 2015.
- **10. ADJOURN -** The meeting was adjourned at 4:30 p.m.

Respectfully Submitted:	Approved by:	
Marceia Lathou	Brad Keen	
Transit Program Manager	Chairman

#### AGENDA ITEM SUMMARY

**Board/Committee:** Bicycle-Pedestrian Advisory Committee (BPAC)

Meeting Date: July 23, 2015

Item Number: 6a

**Item Title:** 2015/16 List of Priority Projects (LOPP)

Item Origination: For development of the St. Lucie TPO's

Transportation Improvement Program (TIP) for FY 2016/17 – FY 2020/21 and the Florida Department of Transportation Work Program

**UPWP Reference:** Task 3.3 – TIP

**Requested Action:** Recommend adoption of the draft 2015/16 LOPP,

recommend adoption with conditions, or do not

recommend adoption

Staff Recommendation: It is recommended that the draft 2015/16 LOPP

be reviewed and recommended for adoption by

the TPO Board.

#### **MEMORANDUM**

**TO:** Bicycle-Pedestrian Advisory Committee (BPAC)

**FROM:** Peter Buchwald

**Executive Director** 

**DATE:** July 15, 2015

SUBJECT: 2015/16 List of Priority Projects (LOPP)

#### **BACKGROUND**

As part of the annual development of the St. Lucie TPO's Transportation Improvement Program (TIP), the LOPP is developed for submittal to the Florida Department of Transportation District 4 (FDOT) by October 1st of each year. The projects identified in the LOPP subsequently are funded and included in the FDOT Work Program to the maximum extent feasible. The St. Lucie TPO's TIP for FY 2016/17 – FY 2020/21 then will be developed based on the LOPP and the FDOT Work Program. An Informal Priority Projects Meeting was conducted with FDOT and local agency staffs on June 30th to initiate the annual TIP development process.

## <u>ANALYSIS</u>

The draft 2015/16 LOPP is attached which incorporates comments received during the Informal Priority Projects Meeting. Significant changes from the 2014/15 LOPP, also attached, include the removal of the Indrio Road Project and the I-95/Gatlin Boulevard Jobs Express Terminal Project from the Master LOPP because they are funded for construction. In place of these projects, the next section of the Kings Highway Project from the I-95 Overpass to St. Lucie Boulevard was added to the Master LOPP from the 2021-2025 interval of the 2035 St. Lucie-Martin Long Range Transportation Plan. In addition, the status and estimated costs of the projects on the Master LOPP were updated as necessary.

The only change to the Congestion Management Process (CMP) LOPP is the deletion of the U.S. Highway 1 at Old Dixie Highway median project at the

July 15, 2015 Page 2 of 2

direction of the TPO Board at the December 2014 meeting. The Transit LOPP was revised based on comments from Community Transit. These revisions include the removal of several projects to reflect the upcoming implementation of expanded hours of service and the new Lakewood Park route, the removal of the Tradition Transit Hub because of the funded I-95/Gatlin Boulevard Jobs Express Terminal, and the removal of the Passenger Rail Station Project in downtown Fort Pierce due to the public opposition to the proposed All Aboard Florida passenger rail project. Revisions to the Transportation Alternatives (TA) LOPP consist of revisions to reflect the results of the 2015 TA grant cycle and to update the estimated costs of several of the projects.

#### **RECOMMENDATION**

It is recommended that the draft 2015/16 LOPP be reviewed and recommended for adoption by the TPO Board.

#### AGENDA ITEM SUMMARY

**Board/Committee:** Bicycle-Pedestrian Advisory Committee (BPAC)

Meeting Date: July 23, 2015

**Item Number:** 6b

Item Title: Go2040 Long Range Transportation Plan (LRTP)

Needs Plan

**Item Origination:** 2040 LRTP Development Process

**UPWP Reference:** Task 3.1 – Long Range Transportation Planning

and MAP-21 Implementation

**Requested Action:** Recommend adoption of the draft Needs Plan,

recommend adoption with conditions, or do not

recommend adoption.

Staff Recommendation: Based on the draft Needs Plan addressing the

roadway level of service deficiencies and sidewalk and bicycle infrastructure needs in the TPO area in 2040, it is recommended that the draft. Needs Plan be recommended to the

TPO Board for adoption.

#### **MEMORANDUM**

**TO:** Bicycle-Pedestrian Advisory Committee (BPAC)

**FROM:** Peter Buchwald

**Executive Director** 

**DATE:** July 16, 2015

SUBJECT: Go2040 Long Range Transportation Plan (LRTP) Needs

Plan

#### **BACKGROUND**

The development of the Go2040 LRTP includes the identification of multimodal needs for the St. Lucie TPO area and the corresponding development of a Needs Plan. The Needs Plan is based on the Go2040 socio-economic (SE) data which includes population and employment projections for the years 2040.

These projections were previously reviewed by the TPO Advisory Committees and accepted by the TPO Board. The draft Go2040 Needs Plan is being presented to the TPO Advisory Committees for review, comments, and recommendation for adoption before the development of the Go2040 Cost Feasible Plan is initiated.

#### <u>ANALYSIS</u>

The approved Go2040 SE data and the existing plus committed (E+C) network, which consists of those improvements in the TPO's recently-adopted five-year Transportation Improvement Program, were input into the newly-developed, activity-based, travel demand model known as the Greater Treasure Coast Regional Planning Model (GTCRPM) Version 4.0.

The model output then was used to project future roadway deficiencies of the E+C network in the year 2040. A level-of-service (LOS) analysis was completed on the model output, and a LOS map (attached Map 0.2) was produced which identifies those roadways of the E+C Network that will be July 16, 2015 Page 2 of 3

deficient in 2040. The roadways are considered to be deficient where the LOS is projected to be below level "D", which generally is the adopted LOS of the local jurisdictions. These deficient E+C roadways became the basis for the initial Needs Plan as those improvements, such as adding lanes, needed to improve the LOS to acceptable levels ("D" or above) were applied to the deficient E+C roadways as identified in the attached Map 2.3.

With these roadway improvements applied to the E+C network, the GTCRPM Version 4.0 was used again to determine if the roadway LOS deficiencies were resolved. A map (attached Map 2.2) was produced illustrating the LOS projections resulting from the roadway improvements that were applied. The results indicate that the draft 2040 Needs Plan roadway projects resolve the roadway deficiencies of the E+C network with the Levels of Service at or better than level "D".

Map 3, which is attached, was developed to identify TPO Area Bicycle and Pedestrian Facility Needs. Map 4 provides a larger scale to identify Fort Pierce Area Bicycle and Pedestrian Facility Needs, and Map 5 provides a larger scale to identify Port St. Lucie Area Bicycle and Pedestrian Facility Needs. The Bicycle and Pedestrian Facility Needs consist of projects from the TPO's Transportation Alternatives (TA) List of Priority Projects (LOPP) and other projects that fill in the gaps in the existing St. Lucie Walk-Bike Network and that support connectivity and access to transit services. The estimated cost of the sidewalk projects identified in the maps is \$35 million. These costs are being reviewed and will be adjusted if necessary.

Costs for the roadway projects in the draft Needs Plan were developed by reviewing State and local project cost data. Sources used included FDOT District 4's recently-updated Long Range Estimates (June 2015), FDOT Statewide cost averages, and local budgets and cost estimates for projects. The 2040 Revenue Forecast Handbook guidance was used to estimate product support cost for studies and design (estimated at 22 percent of construction cost), right-of-way cost (estimated at 50 percent of the construction cost), and construction engineering (estimated at 15 percent of construction cost). After reviewing other non-State project costs, it was determined that State costs should be used for all roadway project costing. The unit costs used to develop State and county roadway project costs are identified in Table 1, State and County Roadway Cost Per Centerline Mile.

The unit project cost information from Table 1 was used to create Table 2, 2040 Needs Plan Segments and Costs. The project costs include design (Product Support), right-of-way (ROW), construction, and construction engineering and inspection (CEI). If more refined project costs are available from a recent study, such as a corridor study or a Project Design and

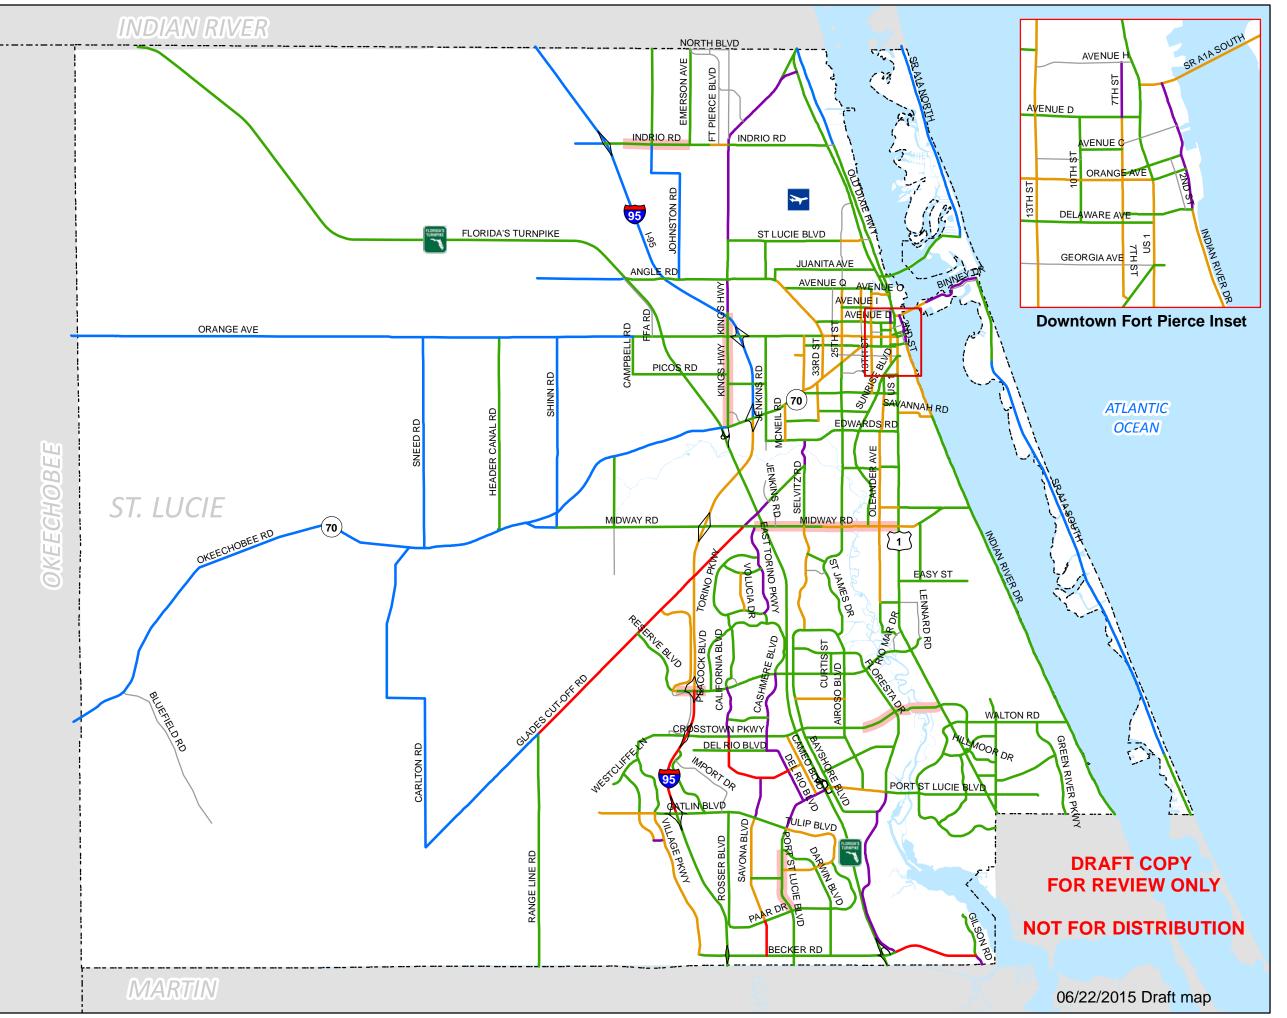

July 16, 2015 Page 3 of 3

Environmental Study, Table 2 will be updated to reflect the more refined project costs.

As part of the subsequent development of the Go2040 Cost Feasible Plan, the Needs Plan projects will be scored using the proposed Project Prioritization Criteria which is attached. The proposed Project Prioritization Criteria was developed to align project selection with the Vision, Goals, Objectives, and Performance Measures that previously were reviewed by the TPO Advisory Committees and adopted by the TPO Board. The Needs Plan projects then may be prioritized for funding in the Go2040 Cost Feasible Plan based on the project scores.

#### **RECOMMENDATION**

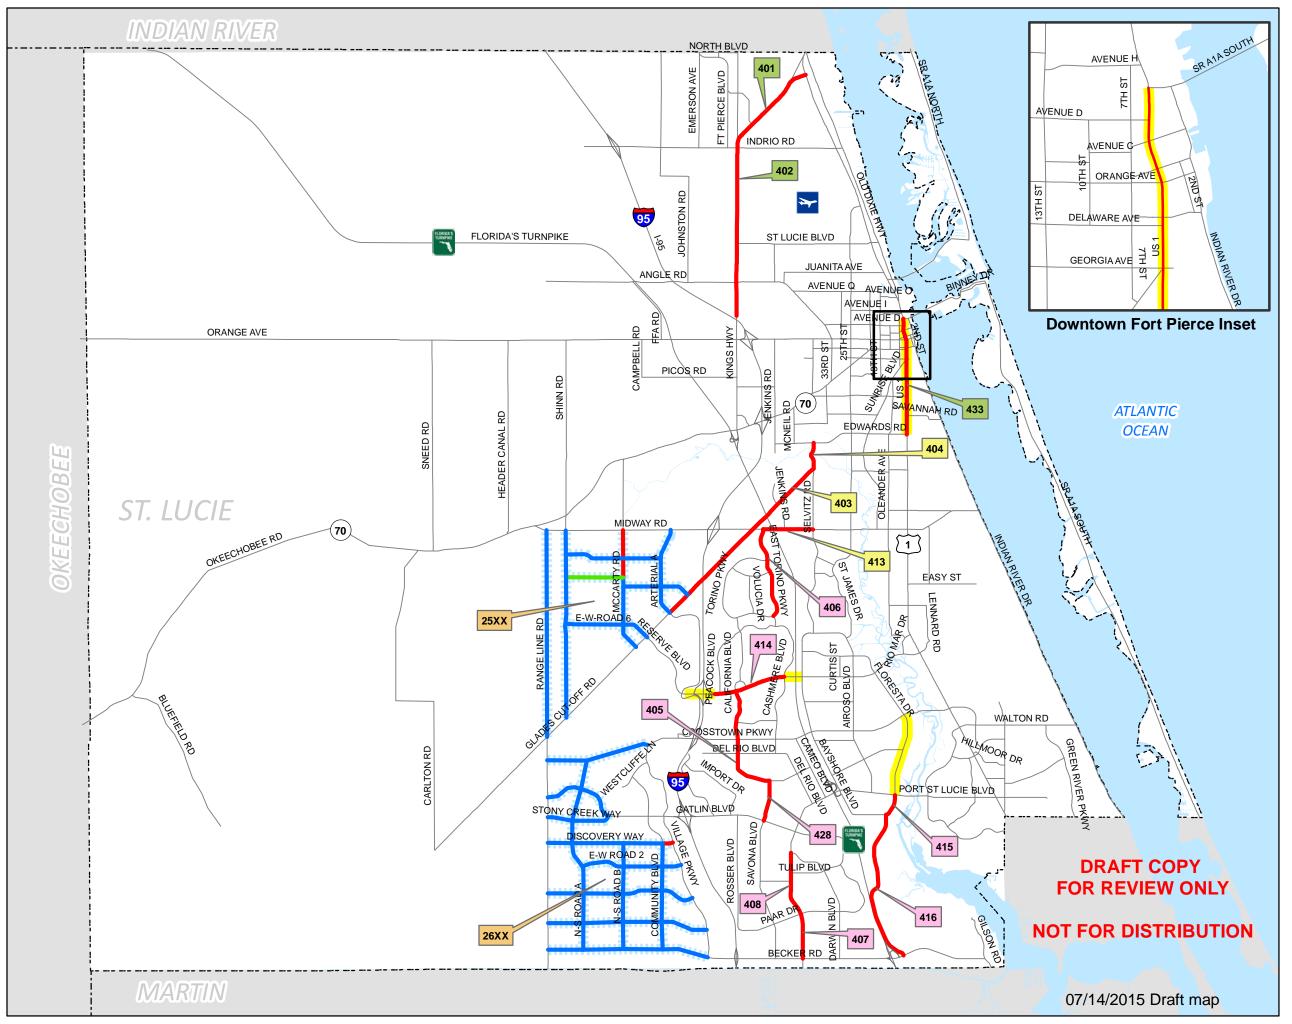

Based on the draft Needs Plan addressing the roadway level of service deficiencies and sidewalk and bicycle infrastructure needs in the TPO area in 2040, it is recommended that the draft Needs Plan be recommended to the TPO Board for adoption.

# DRAFT

# GO2040 LRTP NEEDS PLAN PROJECT PRIORITIZATION CRITERIA

Vision: A balanced funded transportation system that meets the community's needs

Goals		Objectives	Adopted Performance Measures	Proposed Project Ranking Criteria	Scoring	
		Enable people and goods to move around	Lane miles of additional capacity along congested (V/C>0.85) corridors	Current V/C Ratio: 0.85-1.0 V/C 1-1.2 V/C V/C > 1.2	1 3 5	
1 E	Economic Prosperity	efficiently	% truck miles severely congested	Is Project on the St. Lucie Freight Network? Yes	5	
	& Growth	•	% population within 1/4 mile of activity centers	Is the Project within 1/4 mile of an Activity Center(s)? Yes	5

#### AGENDA ITEM SUMMARY

**Board/Committee:** Bicycle-Pedestrian Advisory Committee (BPAC)

Meeting Date: July 23, 2015

Item Number: 6c

Item Title: Annual Public Involvement Program (PIP)

Evaluation of Effectiveness and Update

**Item Origination:** Unified Planning Work Program (UPWP)

**UPWP Reference:** Task 6.1 – Public Involvement, Education &

Outreach

Requested Action: Review and recommend acceptance of the

Annual PIP Evaluation of Effectiveness and Update, recommend acceptance with conditions, or do not recommend acceptance.

Staff Recommendation: It is recommended that the Annual PIP

Evaluation of Effectiveness and Update be recommended for acceptance by the TPO Board.

#### **MEMORANDUM**

**TO:** Bicycle-Pedestrian Advisory Committee (BPAC)

**THROUGH:** Peter Buchwald

**Executive Director** 

**FROM:** Yi Ding

Livability Planner

**DATE:** July 17, 2015

SUBJECT: Annual Public Involvement Program (PIP) Evaluation

of Effectiveness and Update

#### **BACKGROUND**

The Unified Planning Work Program (UPWP) includes substantial public involvement efforts, a continuous and ongoing task which includes compliance with all Title VI and Nondiscrimination requirements. These public involvement efforts are advanced through the PIP of the St. Lucie TPO.

Annually reviewing the effectiveness of the St. Lucie TPO Public Involvement Goal, Objectives, and Strategies enables the TPO to adjust and modify the public involvement techniques accordingly. Various performance measures were used by TPO staff to evaluate the PIP. The results of the annual Evaluation of Effectiveness can quantify public access to transportation planning activities as well as the level of public participation and impact within FY 14-15. The public participation tools and techniques in the public outreach matrix subsequently are continued, refined, and/or replaced based on the results.

#### **ANALYSIS**

The PIP Annual Update includes evaluating the effectiveness of the PIP by applying the performance measures to the strategies for meeting the PIP objectives. It is the first time that performance measures data has been collected and the result will be used as a baseline in the future for evaluating and refining the PIP tools and techniques. The 3 greatest measures for FY 14-15 were the total number of persons contacted for all surveys and

July 17, 2015 Page 2 of 2

questionnaires (23,584), the total number of students who participated in the TPO activities (4,235), and the total number of survey and questionnaire responses (799).

Revising the Public Outreach Matrix with the addition of new tools and techniques is part of the Annual Update as well. Based on the performance measures, "Social Media" has provided the best results and it is recommended to revise the Public Outreach Matrix in order to use "Social Media" for the upcoming UPWP, LOPP, CMP, and Projects.

#### **RECOMMENDATION**

It is recommended that the Annual PIP Evaluation of Effectiveness and Update be recommended for acceptance by the TPO Board.

Objective A - Hold Regularly Scheduled and Advertised Meetings Open to the General Public					
	Measure of Effectiveness				
Strategy	Measure	Quantity FY 14-15			
Strategy A1: All TPO Policy Board and Advisory Committee meetings, times, agendas, and locations will be publicly noticed in local newspapers and online.	Number in attendance at meetings	372			
Strategy A2: Video recorded TPO meetings will be available for replay on the local government channels and the internet (St. Lucie Online - Video on Demand - via link from TPO website - www.stlucietpo.org).	Number of online hits to TPO website and social media	566			
Strategy A3: TPO meetings will be held in ADA-compliant locations accessible to transit and traditionally underserved communities	Number of meeting participants who are transit riders and/or the physically challenged.	4			
Strategy A4: TPO meetings and workshops will be publicly noticed in a variety of means to ensure that a variety of communities are reached and a scrapbook of the notifications will be maintained. Build data base of all meeting requests, concerns and inquiries regarding meeting schedules and logistics.	Number of meeting attendance by minority and traditionally underserved communities	85			
Strategy A5: Ensure that all Advisory Committee positions are filled.	Number of meetings where advisory committee positions remained unfilled.	0			
Strategy A6: Ensure all Advisory Committee recommendations are presented to the TPO Board. Keep log of all Committee recommendations to the TPO Board and the respective actions taken by the Board.	Total number of persons contacted for all surveys and questionnaires	23,584			
Strategy A7: Incorporate specialized surveys and questionnaires in meetings and events where appropriate.	Total number of survey and questionnaire responses	799			

Objective B - Seek Out Traditionally Underserved Con	nmunities			
	Measure of Effectiveness			
Strategy	Measure	Quantity FY 14-15		
Strategy B1: The TPO will create electronic newsletters and pamphlets describing its purpose and activities to be widely distributed throughout the TPO area as well as placed on the TPO website. Materials will also be made available in Spanish and Haitian Creole.	Number of meeting attendees/survey respondents who indicate they saw/received the TPO newsletters and	0		
Strategy B2: All televised TPO meetings will be closed-captioned for the hearing impaired.	flyers.			
Strategy B3: TPO notices, meeting agendas, and packets will be sent to minority communities or traditionally underserved populations to ensure notification of TPO events.	Number of meeting participation of Spanish	6		
Strategy B4: TPO staff will provide presentations to community groups throughout the County to discuss the TPO process and projects.	and Creole speakers.			
Strategy B5: Tailor outreach methods according to socio-economic characteristics summarized in the community profiles.	Number of traditionally underserved and minority community participants who indicate they saw/received TPO communications.	0		
Strategy B6: Identify communities with higher concentrations of minority and/or under-served populations, develop relationships with community and religious leaders in these communities, and hold workshops and meetings in these communities.	Participation by religious and community leaders in minority and underserved	30		
Strategy B7: A contact list of minority and underrepresented citizens will continue to be maintained and updated by the TPO.	communities.			
Strategy B8: Utilize public transportation equipment and infrastructure for advertising community-based TPO workshops and planning activities.	Number of participants who use public transportation.	2		

Objective C - Engage the Public Clearly, Continually, and Comprehensively through a Variety of Outreach Activities to Maximize Public Impact					
	Measure of Effectiveness				
Strategy	Measure	Quantity FY 14-15			
Strategy C1: Schedule at least two workshops or community presentations per year in the evening and/or at locations other than government buildings to increase public awareness and outreach.	Number of online traffic relative to TPO outreach efforts.				
Strategy C2: Track and keep records of public comments and contacts to the TPO through telephone calls, emails, letters, and include summary in annual update.	Number of telephone, email, and regular mail public inquiries to TPO programs and planning activities.	20			
Strategy C3: Use TPO website to improve amount of information available, its appeal, its usefulness, and make the site interactive so that public input can be obtained electronically.	Number of positive public responses to website performance and interaction capabilities.	1			
Strategy C4: Continue to explore and document new and/or alternative tools and techniques for reaching out to the community and facilitating public impact including advancements in social media outlets, engagement activities, and the TPO Visualization Campaign.	Number of comment forms and survey responses.	584			
Strategy C5: Create an outreach link with local schools and universities to emphasize the relationships between transportation, mobility, and livability.	Number of students who participate in TPO activities.	4,235			

# Objective D - Integrate the Principles and Special Projects Adopted in the 2035 RLRTP in Public Outreach Efforts, Emphasizing Key Concepts of the Plan Including Enhanced Mobility, the US 1 Corridor Retrofit Project, and the Treasure Coast Loop Trail

	Measure of Effectiveness			
Strategy	Measure	Quantity FY 14-15		
	Number of non project-specific meetings with other planning agencies to discuss broader range issues.	6		
lannual reports, and project postcards.	The output of 2035 RLRTP special project visualization products (postcards, flyers, posters, etc).	10		
	Number of 2035 RLRTP implementation projects underway.	6		
each future planning effort.	Number of public inquiries regarding the 2035 RLRTP-specific planning efforts and special projects.	0
