GENERAL REQUIREMENTS

1.0 TITLE VI/NONDISCRIMINATION POLICY STATEMENT AND MANAGEMENT COMMITMENT TO TITLE VI PROGRAM

The St. Lucie Transportation Planning Organization (TPO) assures the Federal Highway Administration, Federal Transit Administration, Florida Department of Transportation, and Florida Commission for the Transportation Disadvantaged that no person shall, on the basis of race, color, national origin, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, and the Florida Civil Rights Act of 1992 be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity undertaken by the TPO.

The St. Lucie TPO further agrees to the following responsibilities with respect to its programs and activities to comply with the above-mentioned laws and regulations:

- 1.** Designate a Title VI Coordinator that has a responsible position within the organization and access to the recipient's Chief Executive Officer or authorized representative.
- 2.** Issue a policy statement signed by the Executive Director or authorized representative, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
- 3.** Insert a nondiscrimination clause into every contract subject to the Acts and the Regulations.
- 4.** Develop a complaint process and attempt to resolve complaints of discrimination against the St. Lucie TPO.
- 5.** Participate in training offered on Title VI and other nondiscrimination requirements.
- 6.** If reviewed by FDOT or any other state or federal regulatory agency, take affirmative actions to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) days.
- 7.** Have a process to collect racial and ethnic data on persons impacted by the agency's programs.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the TPO.

2.0 INTRODUCTION AND DESCRIPTION OF SERVICES

The St. Lucie TPO submits this Title VI Program in compliance with Title VI of the Civil Rights Act of 1964, 49 CFR Part 21, and the guidelines of FHWA and FTA.

The St. Lucie TPO is a “metropolitan planning organization,” a federally-funded local agency tasked with planning, project selection, and prioritizing of State and Federal funding for transportation improvements. The St. Lucie TPO is governed by a Board which is comprised of elected officials from St. Lucie County, City of Fort Pierce, City of Port St. Lucie, and the St. Lucie County School Board as well as a public transportation representative. Three Advisory Committees provide direction and recommendations to the TPO Board. These are the Technical Advisory Committee (TAC), the Citizens Advisory Committee (CAC), and the Bicycle-Pedestrian Advisory Committee (BPAC). The TPO also is the designated official planning agency to receive Florida Transportation Disadvantaged Trust Funds for planning for the transportation disadvantaged population in St. Lucie County through the Local Coordinating Board (LCB) for the Transportation Disadvantaged.

The St. Lucie TPO must designate a Coordinator for Title VI issues and complaints within the organization. The Coordinator is the focal point for Title VI implementation and monitoring of activities receiving federal financial assistance. Key responsibilities of the Title VI Coordinator include:

- Maintain knowledge of Title VI requirements.
- Attend training, as appropriate, on Title VI and other nondiscrimination authorities when offered by FHWA, FTA, FDOT or any other regulatory agency.
- Disseminate Title VI information to the public including in languages other than English, when necessary.
- Develop a process to collect data related to race, gender, and national origin of the service area population to ensure low-income, minorities, and other traditionally underserved groups are included and not discriminated against.
- Implement procedures for the prompt processing of Title VI complaints.
- Maintain direct and easy access to the TPO Executive Director.

2.1 ANNUAL CERTIFICATIONS AND ASSURANCES

In accordance with 49 CFR Section 21.7(a), every application for financial assistance from FHWA and FTA must be accompanied by an assurance that the applicant will carry out the program in compliance with Title VI regulations. This requirement shall be fulfilled when the applicant/recipient submits its annual certifications and assurances.

The St. Lucie TPO will remain in compliance with this requirement by annual submission of certifications and assurances to FDOT as part of the annual joint certification process.

2.2 TITLE VI PROGRAM ADOPTION

This Title VI Program was approved and adopted by the St. Lucie TPO's Board at a meeting held on October 25, 2023.

3.0 TITLE VI NOTICE TO THE PUBLIC

3.1 NOTICE TO THE PUBLIC

Recipients of federal funds must notify the public of its rights under Title VI and include the notice and where it is posted in the Title VI Program. The notice must include:

- A statement that the agency operates programs without regard to race, color and national origin.
- A description of the procedures members of the public should follow in order to request additional information on the agency's nondiscrimination obligations.
- A description of the procedure members of the public should follow in order to file a discrimination complaint against the agency.

The TPO's Title VI notice to the public appears on the following pages.

Notice to the Public:

The St. Lucie TPO operates its transportation programs and services without regard to race, color, and national origin in accordance with Title VI of the Civil Rights Act of 1964. Any person who believes she or he has been aggrieved by any unlawful discriminatory practice under Title VI may file a complaint with the St. Lucie TPO.

For more information on the St. Lucie TPO civil rights program, and the procedures to file a complaint about the transportation program, contact Marceia Lathou, Title VI Coordinator, at (772) 462-1593 lathoum@stlucieco.org or at our administrative office at 466 SW Port St. Lucie Boulevard, Suite 111, Port St. Lucie, Florida 34953 or our website at www.stlucietpo.org.

Alternatively, a complainant may file a complaint directly with the Florida Department of Transportation by filing a complaint with the Florida Dept. of Transportation, District 4 Title VI Coordinator, Sharon Singh Hagyan, 3400 W. Commercial Blvd, Fort Lauderdale, FL 33309, Sharon.SinghHagyan@dot.state.fl.us; (954) 777-4190.

In addition, a complainant may also file a complaint directly with the Federal Transit Administration by filing a complaint with the Office of Civil Rights, Attention: Complaint Team, East Building, 5th Floor-TCR, 1200 New Jersey Ave., SE, Washington, DC 20590 or call the civil rights hotline (888) 446-4511.

4.0 TITLE VI PROCEDURES AND COMPLAINTS

4.1 COMPLAINT PROCEDURE

Any person who believes that he or she has been subjected to discrimination based upon race, color, national origin, sex, religion, age, disability, family or income status initially files a complaint with the TPO's Title VI Coordinator, Marceia Lathou, at lathoum@stlucieco.org or by mail to 466 SW Port St. Lucie Boulevard, Suite 111, Port St. Lucie, Florida 34953. The St. Lucie TPO investigates complaints received no more than 180 days after the alleged incident. If possible, the complaint should be submitted in writing and contain the identity of the complainant; the basis for the allegations (e.g., race, color, national origin, sex, religion, age, disability, family or income status); and a description of the alleged discrimination with the date of occurrence. If the complaint cannot be submitted in writing, the complainant should contact the TPO's Title VI Coordinator for assistance: Marceia Lathou, St. Lucie TPO, 466 SW Port St. Lucie Blvd, Suite 111, Port St. Lucie, Florida 34953, 772-462-1593, lathoum@stlucieco.org.

The Title VI Coordinator will respond to the complaint within thirty (30) days and will take reasonable steps to resolve the matter. Reasonable steps could include coordinating multiple agency response, facilitating access to information, etc. The Florida Department of Transportation (FDOT), Equal Opportunity Office, Statewide Title VI Coordinator shall be notified of the complaint. Should the TPO be unable to satisfactorily resolve the complaint, the Title VI Coordinator will forward the complaint, along with a record of its disposition, to the FDOT Statewide Title VI Coordinator. FDOT will assume jurisdiction over the complaint for continued processing.

The complaint procedures and forms, examples of which are provided in Section 4.2, will be made available to the public on the St. Lucie TPO's website (stlucietpo.org). The forms are also available in other formats and languages upon request.

4.3 RECORD RETENTION AND REPORTING POLICY

The St. Lucie TPO will submit Title VI Program information to FDOT as requested as part of the annual certification process or any time a major change in the Program occurs. Compliance records and all Title VI related documents will be retained for a minimum of three (3) years.

5.0 TITLE VI INVESTIGATIONS, COMPLAINTS, AND LAWSUITS

In accordance with 49 CFR 21.9(b), the St. Lucie TPO must record and report any investigations, complaints, or lawsuits involving allegations of discrimination. The records of these events shall include the date the investigation, lawsuit, or complaint was filed; a summary of the allegations; the status of the investigation, lawsuit, or complaint; actions taken by the St. Lucie TPO in response; and final findings related to the investigation, lawsuit, or complaint. The records for the previous three (3) years shall be included in the Title VI Program when it is submitted to FDOT.

The St. Lucie TPO has had no investigations, complaints, or lawsuits involving allegations of discrimination on the basis of race, color, or national origin over the past three (3) years.

6.0 PUBLIC PARTICIPATION PLAN

The [Public Participation Plan](#) (PPP) for the St. Lucie TPO was developed to ensure that all members of the public, including minorities and Limited English Proficient (LEP) populations, are encouraged to participate in the decision-making process for the St. Lucie TPO. Policy and service delivery decisions need to take into consideration community sentiment and public opinion based upon well-executed outreach efforts. The public outreach strategies described in the PPP are designed to provide the public with effective access to information about the St. Lucie TPO plans, programs, and services and to provide a variety of efficient and convenient methods for receiving and considering public comment prior to implementing changes to plans, programs, and services. The St. Lucie TPO also recognizes the importance of many types of stakeholders in the decision-making process, including other units of government, community based organizations, major employers, and the general public, including low-income, minority, LEP, and other traditionally underserved communities.

Traditionally-underserved populations, also known as Environmental Justice (EJ) or Title VI populations, are identified by the federal government as low-income and minority populations. As part of its planning process, the TPO is required to evaluate the impact its projects have on these populations. The essence of effective environmental justice practice is summarized in three fundamental principles:

- Avoid, minimize, and lessen negative effects
- Ensure full and fair participation by all potentially affected communities
- Prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations

The TPO is committed to ensuring the full and fair participation of all potentially affected communities by striving for continuous, cooperative, and comprehensive public involvement in transportation decision-making. The TPO uses various data tools and maps to assist in identifying and building better relationships with the community. The composition of the TPO's boards and committees generally reflects the demographics of the community, which enhances the TPO's community relations.

The TPO's outreach includes persons with disabilities and their service groups. The Local Coordinating Board for the Transportation Disadvantaged (LCB) includes persons with disabilities and disability group representatives, and some TPO advisory committee members identify as persons with disabilities. A disability service group hosted the TPO's SmartMoves 2045 Long Range Transportation Plan Transportation Equity Focus Group. TPO staff often provides technical assistance to local agencies on ADA and Title VI matters.

Some TPO workshops are specifically designed to attract racial/ethnic minority and low-income populations and are thus held at times and locations that are most convenient for the communities served. In addition, members of these communities are recruited to participate in community-wide events.

The TPO collects demographic data on participation in its online events and social media sites via surveys. Because the U.S. Census estimates that 10 percent of St. Lucie households lack broadband Internet subscriptions, telephone-only access is provided for all TPO online meetings and workshops.

7.0 ADA/504 STATEMENT

Section 504 of the Rehabilitation Act of 1973 (Section 504), the Americans with Disabilities Act of 1990 (ADA), and related Federal and State laws and regulations forbid discrimination against those who have disabilities. Furthermore, these laws require federal aid recipients and other government entities to take affirmative steps to reasonably accommodate persons with disabilities and ensure that their needs are equitably represented in transportation programs, services, and activities.

The St. Lucie TPO will make every effort to ensure that its facilities, programs, services, and activities are accessible to those with disabilities. The TPO will make every effort to ensure that its Advisory Committees, public involvement activities and all other programs, services, and activities include representation by the disabled community and disability service groups.

The TPO encourages the public to report any facility, program, service or activity that appears inaccessible to disabled persons. Furthermore, the TPO will provide reasonable accommodation to disabled persons who wish to participate in public involvement events or who require special assistance to access facilities, programs, services, or activities. Because providing reasonable accommodation may require outside assistance, organizations, or resources, the TPO asks that requests be made at least five (5) business days prior to the need for accommodation. Questions, concerns, comments or requests for accommodation should be made to the St. Lucie TPO ADA Officer: Marceia Lathou, Title VI-ADA Coordinator, St. Lucie TPO, 466 SW Port St. Lucie Blvd, Suite 111 Port St. Lucie, Florida 34953; 772-462-1593; lathoum@stlucieco.org; Hearing/Speech Impaired: 711 Florida Relay System.

8.0 LIMITED ENGLISH PROFICIENCY (LEP) PLAN

8.1 OVERVIEW

The first part of this section describes the purpose of the Limited English Proficiency (LEP) Plan. The second part of this section provides the four-factor LEP analysis used to identify LEP needs and assistance measures.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin in programs and activities receiving federal financial assistance. One critical concern addressed by Title VI is the language barrier that LEP persons face with respect to accessing information and service. Government agencies must ensure that this group has adequate access to the agency's programs and activities, including public participation opportunities.

Executive Order 13166, titled "Improving Access to Services for Persons with Limited English Proficiency," forbids grant funding recipients from "restricting an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program," or from using "criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respects to individuals of a particular race, color, or national origin."

Safe Harbor Provision: The U.S. Department of Transportation (DOT) published guidance that directed its recipients to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for LEP customers. This guidance includes a Safe Harbor Provision, which outlines circumstances that can provide a “safe harbor” for recipients regarding translation of written materials for LEP populations.

The Safe Harbor Provision stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes **five percent (5%) or 1,000 persons**, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient’s written translation obligations. Translation of non-vital documents, if needed, can be provided orally. If there are fewer than 50 persons in a language group that reaches the five percent (5%) trigger, the recipient is not required to translate vital written materials but should provide written notice in the primary language of the LEP language group of the right to receive competent oral interpretation of those written materials, free of cost. These safe harbor provisions apply to the translation of written documents only. They do not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable.

8.2 FOUR-FACTOR ANALYSIS

The DOT guidance outlines four factors recipients should apply to the various kinds of contacts they have with the public to assess language needs and decide what reasonable steps they should take to ensure meaningful access for LEP persons:

1	The number or proportion of LEP persons in the service area who may be served or are likely to encounter the St. Lucie TPO's programs, activities or services.
2	The frequency with which LEP persons come in contact with the St. Lucie TPO's programs, activities or services.
3	The nature and importance of programs, activities or services provided by the St. Lucie TPO to the LEP population.
4	The resources available to the St. Lucie TPO and overall cost to provide LEP assistance.

1. Number and Proportion of LEP Persons Serviced or Encountered: According to the U.S. Census *2021 American Community Survey (ACS) 5-Year Estimates of Limited English-Speaking Populations*, the Spanish-speaking population exceeds the threshold for the Safe Harbor Provision in the St. Lucie TPO area. The ACS analyzes the following language categories:

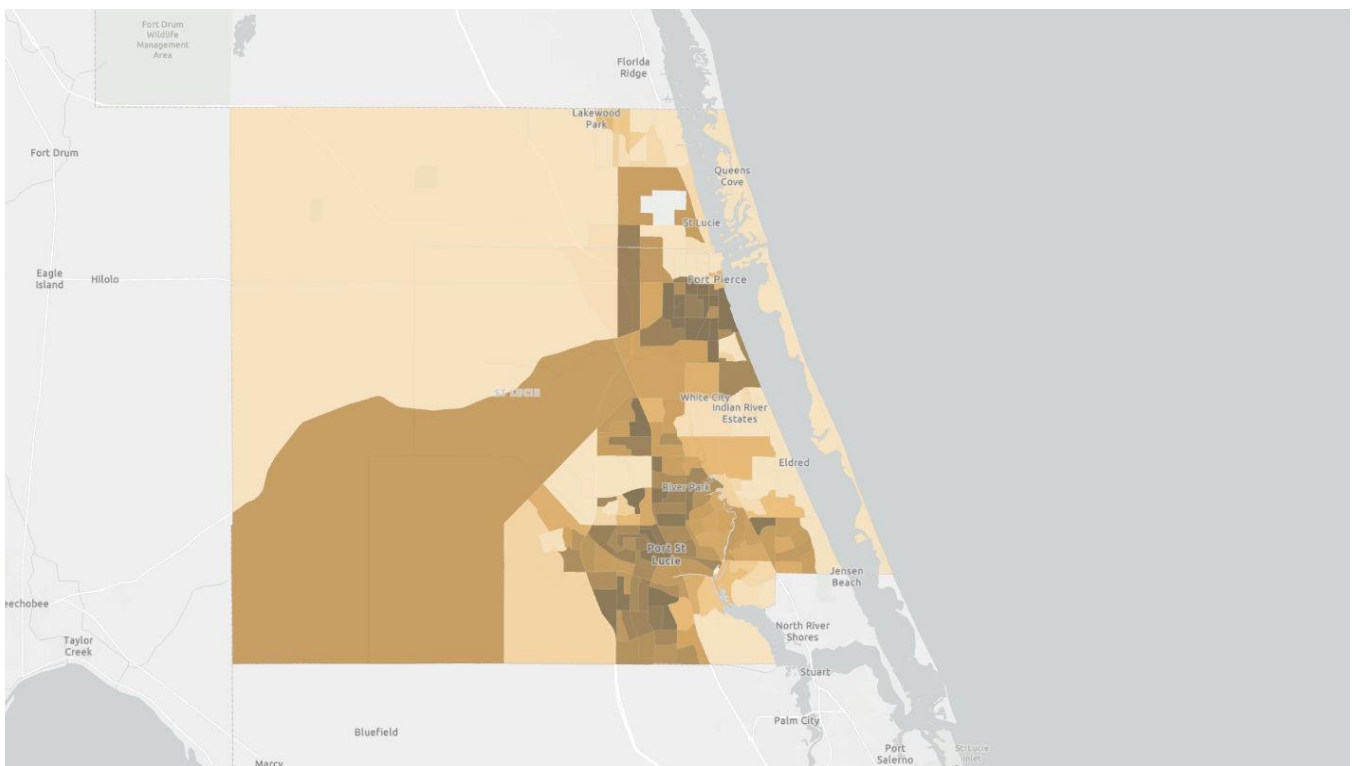

- Spanish
- Indo-European Languages
- Asian and Pacific Islander Languages
- Other Languages

Table B16003, "Age by Language Spoken at Home for the Population 5 Years and Over in Limited English Speaking Households" estimates that approximately 5,700 persons aged 18 years and older speak Spanish in LEP households in St. Lucie County. Although the Census data concludes that Spanish is the only LEP population of significance in St. Lucie County, local knowledge indicates the presence of a sizeable Haitian-Creole LEP population as well.

The map below shows the location of Census Block Groups in St. Lucie County with significant proportions of Hispanic/Latino populations. These areas are likely to contain a significant number of LEP households for whom Spanish is their first language and who have a limited ability to speak English.

The Census Bureau does not provide statistics relevant to the location of significant numbers of Haitian-Creole speaking households; the TPO relies on field surveys and community partners to help pinpoint these locations.

2. Frequency with which LEP Individuals Come into Contact with Programs, Activities, and Services: The Federal guidance for this factor recommends that agencies should assess the frequency with which they have contact with LEP individuals from different language groups. The more frequent the contact with a particular LEP language group, the more likely enhanced services will be needed.

The TPO Board, committees, and staff are most likely to encounter LEP individuals through office visits, phone conversations, and attendance at Board and Advisory Committee meetings. TPO staff reviewed the frequency with which Board, committee members, and staff have had contact with LEP persons. This includes documenting phone inquiries or office visits.

The TPO frequency of contact with LEP populations is somewhat limited especially when compared to providers of government social services which have higher instances of contact. These providers include the St. Lucie County Transit Department and the County's contracted public transportation provider. Also, most of the TPO Board and committee meetings occur every other month or quarterly, and project-specific public input meetings occur on an as-needed basis.

3. Nature and Importance of the Program, Activity, or Service Provided: The TPO undertakes a variety of planning and policy initiatives to encourage a more sustainable region now and in the future. The transportation improvements resulting from these initiatives have an impact on all residents of the metropolitan planning area.

The impact of proposed transportation investments on under-served and under-represented populations is part of the evaluation process in the development of the Long Range Transportation Plan (LRTP), the Unified Planning Work Program (UPWP), and the Transportation Improvement Program (TIP). Because the TPO must ensure that all segments of the population, including LEP persons, have been involved or have the opportunity to be involved in the transportation decision-making process, the TPO will provide translation of vital documents — including meeting agendas, brochures, and portions of the LRTP, UPWP, and TIP into other languages as requested.

In general, the TPO's planning process affects residents in the long-term and not in an immediate manner. Therefore, there has not been a significant demand from LEP residents to participate in TPO planning and policy-oriented discussions compared with the demand from LEP residents for social and community services provided by other government agencies.

4. Resources Available and Costs: The TPO assessed its available resources that could be used for providing LEP assistance and which of its documents would be most valuable to be translated if the need should arise. The TPO currently provides materials in Spanish and Haitian-Creole such as factsheets, web content through an online language translator, and certain advertising notices.

The TPO has contacted various agencies to secure language translation as needed. St. Lucie County staff will provide voluntary Spanish and Haitian-Creole translation if needed and if notified within a reasonable timeframe. Other language assistance, if needed, can be provided through the St. Lucie County Language Line, a service that helps bridge language and cultural barriers with customers and community partners.

Persons requiring language assistance would be self-identified, meaning they generally would initiate contact with the TPO for assistance. All TPO board and committee agendas include a concise statement in Spanish and in Haitian Creole notifying readers about the existence of language assistance. All TPO staff have access to "I Speak" cards to assist in identifying the type of language interpretation needed if the occasion arises.

The greater the number or proportion of eligible LEP persons; the greater the frequency with which they have contact with a program, activity, or service; and the greater the importance of that program, activity, or service, the more likely enhanced language services will be needed. Smaller recipients with more limited budgets are typically not expected to provide the same level of language service as larger recipients with larger budgets. The intent of DOT’s guidance is to suggest a balance that ensures meaningful access by LEP persons to critical services while not imposing undue burdens on small organizations and local governments.

8.3 LIMITED ENGLISH PROFICIENCY (LEP) PLAN

In developing a Limited English Proficiency (LEP) Plan, federal guidance recommends the analysis of the following five elements, which are addressed below:

- 1 { • Identifying LEP individuals who need language assistance
- 2 { • Providing language assistance measures
- 3 { • Training staff
- 4 { • Providing notice to LEP persons
- 5 { • Monitoring and updating the plan

1. Identifying LEP Individuals Who Need Language Assistance:

The Federal guidance provides that there should be an assessment of the number or proportion of LEP individuals eligible to be serviced or encountered and the frequency of encounters pursuant to the first two factors in the four-factor analysis.

Using Census data, the TPO has identified the number and proportion of LEP individuals within its service area who need language assistance. As presented earlier, the largest non-English spoken language in the service area is Spanish. Other residents whose primary language is not English or Spanish are divided into a wide variety of language groups throughout the service area population. However, the TPO has determined, based on local knowledge, that a significant number of Haitian-Creole speakers may also be present. The TPO may identify specific language assistance needed for an LEP group by examining records to see if requests for language assistance have been received in the past, either at meetings or over the phone, to determine whether language assistance might be needed at future events or meetings.

2. Providing Language Assistance Measures: Federal guidance suggests that an effective Language Assistance Plan should include information about the ways in which language assistance will be provided. This refers to listing the different language services an agency provides and how staff can access this information. For this task, Federal guidance recommends that agencies consider developing strategies that train staff as to how to effectively serve LEP individuals when they either call agency offices or otherwise interact with the agency.

The St. Lucie TPO has undertaken the following actions to improve access to information and services for LEP individuals:

- Provide bilingual staff at community events, public meetings and committee meetings, where appropriate.
- Survey front-line staff on their experience concerning any contacts with LEP persons during the previous year.
- Provide Language Identification Flashcards (“I speak” cards) in the St. Lucie TPO office.
- When an interpreter is needed in person or on the telephone, staff will attempt to access language assistance services from a professional translation service or qualified community volunteers. The TPO has contracted with ALTA Language Services, Inc., a company which provides document translation and telephone interpretation services.

The TPO will use demographic maps and other tools in order to better understand and serve the LEP community.

3. Training Staff: Federal guidance states that staff members of an agency should know their obligations to provide meaningful access to information and services for LEP persons and that all employees in public contact positions should be properly trained.

Suggestions for implementing Element 3 of the Language Assistance Plan, involve: (1) identifying agency staff likely to come into contact with LEP individuals; (2) identifying existing staff training opportunities; (3) providing regular training for staff dealing with LEP individual needs; and (4) designing and implementing LEP training for agency staff.

The following training will be provided for all TPO staff:

- Information on Title VI procedures and LEP responsibilities
- Use of language identification flashcards and online resources
- Documentation of language assistance requests
- Procedures for handling a potential Title VI/LEP complaint

4. Providing Notice to LEP Persons: The St. Lucie TPO will make Title VI information available in English, Spanish and Haitian Creole on the TPO website. Key documents are written in English, Spanish and Haitian Creole upon request. Notices are also posted in the lobby and in the Boardroom at the St. Lucie TPO office. Additionally, when staff prepares a document or schedules a meeting, for which the target audience is expected to include a significant number of LEP individuals, then documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population.

5. Monitoring and Updating the Plan: The plan will be reviewed and updated on an ongoing basis. Updates will consider the following:

- The number of documented LEP person contacts encountered annually
- How the needs of LEP persons have been addressed
- Determination of the current LEP population in the service area
- Determination as to whether the need for translation services has changed
- Determination as to whether the TPO's financial resources are sufficient to fund language assistance resources needed

The St. Lucie TPO understands the value that its programs, activities, or services play in the lives of individuals who rely on them, and the importance of enhancing public participation. The TPO is open to suggestions from all sources, including partner agencies, TPO staff, other agencies with similar experiences with LEP communities, and the general public regarding additional methods to improve accessibility for LEP communities.

9.0 PLANNING AND ADVISORY BODIES

The St. Lucie TPO is governed by a Board which is composed of elected officials from the three jurisdictions and representatives from the St. Lucie County School Board and the public transportation provider. There are twelve (12) voting members on the TPO Board. The TPO also maintains three committees and one other board: the Technical Advisory Committee (TAC), the Citizens Advisory Committee (CAC), the Bicycle-Pedestrian Advisory Committee (BPAC), and the Local Coordinating Board for the Transportation Disadvantaged (LCB) to provide opportunities for additional public involvement in the transportation planning process.

The St. Lucie TPO will make efforts to encourage minority participation on its boards and committees. These efforts are made by distributing information about participation on the committee at public meetings and through the website and social media. The TPO will use minority population demographic maps and other tools in order to focus on the areas in which board/committee participation information should be distributed.

10.0 MONITORING OF SUB-RECIPIENTS

The TPO is responsible for selection, negotiation, and administration of its consultant contracts. Specific Title VI-related text is included in all requests for proposals (RFPs), requests for qualifications (RFQs) and contracts. Once contracts are awarded, consultants must carry out the applicable nondiscrimination requirements related to work performed. Failure by a consultant to carry out these requirements is considered a breach of contract, which may result in the following remedies or other such remedies which the TPO deems appropriate:

- Withholding of payments to a consultant until the consultant complies, and/or;
- Cancellation, termination, or suspension of the consultant agreement, in whole or in part.

In addition, the TPO will review any complaint made by a citizen or agency against a contracted consultant to ensure necessary and appropriate action.

11.0 BOARD APPROVAL OF TITLE VI PROGRAM

Recipients are required to provide a copy of Board meeting minutes, resolution or other appropriate documentation showing the Board of Directors or appropriate governing entity or official(s) responsible for policy decisions reviewed and approved for the Title VI Program.

The St. Lucie TPO Board adopted the 2023 Title VI Program on October 25, 2023, as required by FTA. Official documentation of approval is shown on the following page.

RESOLUTION NO. 23-04

A RESOLUTION ADOPTING THE ST. LUCIE TRANSPORTATION PLANNING ORGANIZATION (TPO) TITLE VI PROGRAM FOR RECIPIENTS OF STATE AND FEDERAL FUNDS AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the St. Lucie Transportation Planning Organization Governing Board hereinafter "BOARD", has made the following determinations:

1. The St. Lucie TPO is a sub-recipient of state and federal funding.
2. In conjunction with the grant assurances for recipients of state and federal funds, the TPO is required to adopt a Title VI Program to ensure nondiscrimination in the availability of TPO programs to all individuals, regardless of cultural identity, background or income level.

WHEREAS, the TPO meets its nondiscrimination objectives by promoting actions that:

1. Ensure the level and quality of transportation planning services is provided without regard to race, color, or national origin.
2. Identify and address disproportionately high impacts, and/or adverse effects of transportation services, programs and activities on minority populations and low-income populations.
3. Promote the full and fair participation of all affected populations in transportation decision-making.
4. Prevent the denial, reduction, or delay in benefits related to services, programs and activities that help minority populations or low-income populations.
5. Ensure meaningful access to programs and activities by persons with Limited English Proficiency (LEP).

NOW, THEREFORE, BE IT RESOLVED by the Board:

1. The St. Lucie TPO Title VI Program, attached hereto and incorporated as Exhibit " A," is hereby adopted.
2. This resolution shall take effect upon the date of its adoption.

PASSED AND DULY ADOPTED this 25th day of October, 2023.

REQUIREMENTS FOR MPOS

In addition to the Title VI Program requirements described above, MPOs that receive FTA funds are also responsible for the following general requirements:

- 1.** A demographic profile of the metropolitan area that includes identification of the locations of minority populations;
- 2.** A description of the procedures by which the mobility needs of minority populations are identified and considered within the planning process;
- 3.** Demographic maps that overlay the percent minority and non-minority populations and charts that analyze the impacts of the distribution of State and Federal funds for public transportation purposes;
- 4.** Analysis of impacts identified in paragraph (3) that identifies any disparate impacts on the basis of race, color, or national origin, and, if so, determines whether there is a substantial legitimate justification for the policy that resulted in the disparate impacts, and if there are alternatives that could be employed that would have a less discriminatory impact.

12.0 DEMOGRAPHIC PROFILE

MPOs are required to provide a demographic profile of their metropolitan areas that includes identification of the locations of minority populations.

Data from the 2022 Census Estimates were used to evaluate the representation of minority and low-income populations in St. Lucie County. According to current Census estimates, 11 percent of the population of St. Lucie County lives in poverty. The following percentages of Race and Hispanic Origin are provided for St. Lucie County:

Demographics: Race and Hispanic Origin	St. Lucie County Percentage
White alone	71.9%
Black or African American alone	22.8%
American Indian and Alaska Native alone	0.6%
Asian alone	2.1%
Native Hawaiian and Other Pacific Islander alone	0.1%
Two or More Races	2.5%
Hispanic or Latino	21.9%
White alone, not Hispanic or Latino	52.6%

The representation of minority and low-income populations as a percentage of the total population was used to define Environmental Justice (EJ) areas. EJ areas were determined to be Census block groups containing either at least 50 percent minority or low-income populations. The map below shows the location of EJ areas throughout St. Lucie County. As the map indicates, a higher concentration of low-income and minority populations exists in the City of Fort Pierce.

Seminole Tribe

The Fort Pierce Reservation of the Florida Seminole Tribe is one of six Florida Seminole reservations. Established in 1995, this 50-acre site is home to approximately two dozen Seminole families. The reservation is located in a rural area west of I-95 on Okeechobee Road.

Throughout the years, the TPO has maintained contact with various members of the Fort Pierce Reservation. The TPO maintains contact with the Executive Office of the local Seminole Tribe, through which communications regarding TPO plans, programs, and activities are regularly sent to the tribal government. The TPO dialogue with the Seminole tribe remains open and outreach efforts are continually expanding.

Recently, TPO staff served as a member of the external stakeholders group for the Seminole Tribe's Seminole Tribe of Florida Transit Study, which explores the movement of people among the Tribe's five territories in Southeast Florida. Staff leveraged this relationship, as appropriate, to provide input on related transportation systems issues.

13.0 MOBILITY NEEDS ASSESSMENT

MPO recipients are required to include in the Title VI Program a description of the procedures by which the mobility needs of minority populations are identified and considered within the planning process. In developing the St. Lucie TPO's PPP and planning activities, the TPO seeks out and considers the needs of those traditionally underserved by existing transportation systems, including minorities. The TPO strives to include all stakeholders, including protected classes, in its planning activities. For example, on all major projects, the TPO presents project phases to its Local Coordinating Board for the Transportation Disadvantaged (LCB) to obtain input from representatives of low-income persons, elderly persons, persons with disabilities, and at-risk children.

Community Profiles have been developed for the St. Lucie TPO area to ensure that traditionally underserved communities are provided with various opportunities to meaningfully engage in the transportation planning process and that there is not a significant disparity of impacts in accessibility to and delivery of transportation facilities/services in the St. Lucie TPO area. A total of 14 distinct communities have been delineated within the St. Lucie TPO area based on their demographic and geographic characteristics. The Community Profiles are updated based on the most current U.S. Census Data.

The TPO's project prioritization methodologies include as criteria the location of a project within an Environmental Justice (EJ) neighborhood and whether a project addresses a roadway segment with a history of pedestrian and bicycle crashes.

Outreach to Title VI/EJ communities was conducted during the development of the SmartMoves 2045 Long Range Transportation Plan (LRTP). An EJ analysis was also conducted, which sought to determine the existence of disproportionately high and adverse effects on these communities as well as the equitable distribution of benefits to these communities. It was determined that disproportionately high and adverse effects were not present and that EJ communities benefitted from many of the transportation improvements in the LRTP. Ongoing assessment of project outcomes from the 2045 LRTP are being addressed using the EJ analysis process as projects are further refined so that any potential impacts can be identified early and addressed well before funding and implementation.

14.0 DISTRIBUTION OF STATE AND FEDERAL FUNDS

The St. Lucie TPO's Transportation Improvement Program (TIP) is the document that includes all the transportation improvement projects within the TPO's boundaries, including transportation projects that receive State and Federal funds. The map below shows the location of Environmental Justice (EJ) areas overlaid with the map of TIP projects and the County's fixed-route bus system. As indicated by the map, there are no EJ areas within the TPO boundaries that do not benefit from some form of transportation improvements funded with State or Federal dollars.

- FY 24-28 TIP Project
- Bus Routes
- Micro Transit Zones
- EJ Area

The table below summarizes the amount of State and Federal funding for transit in Environmental Justice areas of St. Lucie County based on funding in the St. Lucie TPO’s TIP. The County offers fixed-route transit which stops at specific locations along specific routes and microtransit which offers door-to-door services in specific areas. As shown, approximately 20% of transit funds for fixed-route services and approximately 14% of microtransit funds are distributed within EJ areas. It should be noted that the transit section of the TIP is managed by St. Lucie County Transit, which is required to prepare its own Title VI Program.

19.86%	\$22,628,144	14.14%	\$854,385

Justice40 Initiative: Justice40 is a government-wide initiative created through a presidential Executive Order, to address gaps in infrastructure and public services by working toward the goal that at least 40% of the benefits from federally-funded grants, programs, and initiatives flow to disadvantaged communities. The categories of investment are: climate change, clean energy and energy efficiency, clean transit, affordable and sustainable housing, training and workforce development, remediation and reduction of legacy pollution, and the development of critical clean water and wastewater infrastructure.

There are three major components of the St. Lucie TPO’s implementation of the Justice40 Initiative. These include understanding:

1. The needs of a community through meaningful public engagement.
2. How a community is impacted by lack of transportation investments and options.
3. What benefits a project may create, who will receive them and how they will alleviate how the community is experiencing disadvantage.

15.0 ANALYSIS OF DISPARATE IMPACTS

MPOs are required to perform a disparate analysis to determine, based on the information provided in the previous section, if there are any disproportionate impacts on the basis of race, color, or national origin, and if so, determine whether there is a substantial legitimate justification for actions or policies that resulted in the disparate impacts, and if there are alternatives that could be employed that would have a less discriminatory impact. The FTA defines “disparate impacts” as neutral policies or practices that have the effect of disproportionately excluding or adversely affecting members of a group protected under Title VI, and the recipient’s policy or practice lacks a substantial legitimate justification.

Taken as a whole, the transportation planning services provided by the St. Lucie TPO do not pose disproportionate or adverse impacts on minority populations. Access to essential services is a critical need for disadvantaged communities, and the residents of such communities are more likely to rely on public transportation for that access. As shown in the table above, the percentage of funding directed toward EJ areas for both fixed route and microtransit combined is approximately 34 percent. The St. Lucie County Transit Department is in the process of updating its Transit Development Plan, which will result in the expansion of microtransit northward into some of the EJ areas in Fort Pierce. In addition to transit projects, there are numerous roadway and sidewalk improvements in the TIP that benefit disadvantaged communities.

To ensure nondiscrimination, on a continuous basis, the TPO collects and analyzes racial, ethnic, and other similar demographic data on beneficiaries of or those affected by transportation programs, services and activities. The TPO accomplishes this through the use of Census data, Environmental Screening Tools (EST), driver and ridership surveys, and other methods. TPO staff has developed community profiles using current Census data. To supplement the Census data, the TPO uses demographic data from its transportation and social services partners. Demographic analysis is also conducted during the development of major planning documents such as the Long Range Transportation Plan (LRTP) and the Transportation Disadvantaged Service Plan (TDSP). The TPO uses mapping and data analysis to strengthen outreach efforts in the communities most directly impacted by transportation projects.

From time to time, the TPO may find it necessary to request voluntary identification of certain racial, ethnic or other data from those who participate in its public involvement events. This information assists the TPO with improving its targeted outreach and measures of effectiveness. Self-identification of personal data to the TPO will always be voluntary and anonymous. Moreover, the TPO will not release or otherwise use this data in any manner inconsistent with federal regulations.
